Flow'EN - dietary supplement

Flow'EN contains standardized herbal extracts in suitable ratios i.e. seed extract of horse chestnut (chestnut *Aesculus hippocastanum*) and black pepper extract:

- chestnut extract helps reduce the feeling of heavy legs and is used for good circulation in the veins and vascular capillaries
- black pepper contributes to the normal activities of the vascular and nervous system
- Vitamin C contributes to the normal formation of collagen for the normal functioning of blood vessels and also contributes to the protection of cells from oxidative stress

Ingredients: horse chestnut seed (*Aesculus hippocastanum* seed extract) fruit of black pepper (*Piper nigrum* extract), fillers (corn starch, microcrystalline cellulose), anti-caking agent (magnesium salts of fatty acids), stabilizers (hydroxypropyl methylcellulose, talc, polydextrose, polyethylene glycol, calcium carbonate), coloring (iron oxides and hydroxides, potassium aluminum silicate, titanium dioxide)

Recommended dosage: 1 tablet in the evening during meals.

Storage: Store in a dry place at a temperature under 30 °C. Keep out of the reach of children.

Caution: Do not exceed the recommended daily dose. Dietary supplements are not a substitute for a varied diet. Not for children under 3 years of age.
